

Final Version of the Assignment 2

In the final version, we have meticulously refined our initial website, building upon the significant improvements introduced in the second version. Notably, version 2 closely aligns with the ultimate iteration (version 3 of assignment 3). Responding to feedback from practical 7, we endeavored to incorporate PHP decisions and repetitions. However, upon careful consideration, we recognized that these PHP functionalities were unnecessary for the construction of our website. As a result, the final version maintains a streamlined and optimized codebase, omitting elements that were deemed surplus to the project's requirements.

Navar.php

The "Admissions" section offers a chance for consultations on admissions and scholarships at James Cook University. Featuring a modern image of a woman with a laptop, the section invites visitors to Admissions Day for interactive sessions. Event details, such as date, time, and venue (JCU Singapore), are provided, and a "Check this out!" button encourages exploration. This concise section aims to welcome and inform prospective students about the university's admission process and available scholarships.

```
admissions_section.php
1 <!-- Admissions Start-->
2 <section class="admissions" id="admissions">
3   <div class="admissions-content">
4     <div class="admissions-text">
5       | <span>Admissions and Scholarships</span> Consultation
6     </div>
7     <div class="questionmark">
8       | 
9     </div>
10    </div>
11   <p id="admissioncontent">Have you got questions for us?<br>Come down to our campus for our Admissions Day!</p>
12   <p>Date: January 14th, 2024 (Sunday)<br>Time: 12:00 PM - 5:00 PM (On site)<br>
13   | Venue: JCU Singapore, 149 Sims Drive, Singapore 387380
14   </p>
15 </section>
16 <button type="submit" class="check-btn">Check this out!</button>
17 <!-- Admissions End-->
```

Banner.php

The "Banner" section features a dynamic slideshow displaying captivating images (1-6). Utilizing a fade effect between slides, the presentation enhances visual appeal. Navigation dots below the images allow users to switch between slides manually. The interactive design engages visitors, providing a visually striking introduction to the content and aesthetics of James Cook University's open house. This component, implemented in banner.php, creates an impactful and visually appealing entry point for users exploring the website.

```

<!-- Banner Start -->
<div class="slideshow-container">
    <div class="mySlides fade">
        
    </div>
    <div class="mySlides fade">
        
    </div>
</div>
<br>
<div style="text-align:center">
    <span class="dot" onclick="currentSlide(1)"></span>
    <span class="dot" onclick="currentSlide(2)"></span>
    <span class="dot" onclick="currentSlide(3)"></span>
    <span class="dot" onclick="currentSlide(4)"></span>
    <span class="dot" onclick="currentSlide(5)"></span>
    <span class="dot" onclick="currentSlide(6)"></span>
    <span class="dot" onclick="currentSlide(7)"></span>
</div>

```

Footer.php

The "Footer" section (footer.php) provides comprehensive information about James Cook University, including its vision, locations, and contact details. It reinforces the university's commitment to education and research for a brighter future. The footer incorporates social media icons, allowing users to connect through various platforms. Additionally, it displays copyright information, crediting the design to Group 6. This component serves as a concluding element, offering essential details and links for users to engage further with the university and acknowledges the design team responsible for the website.

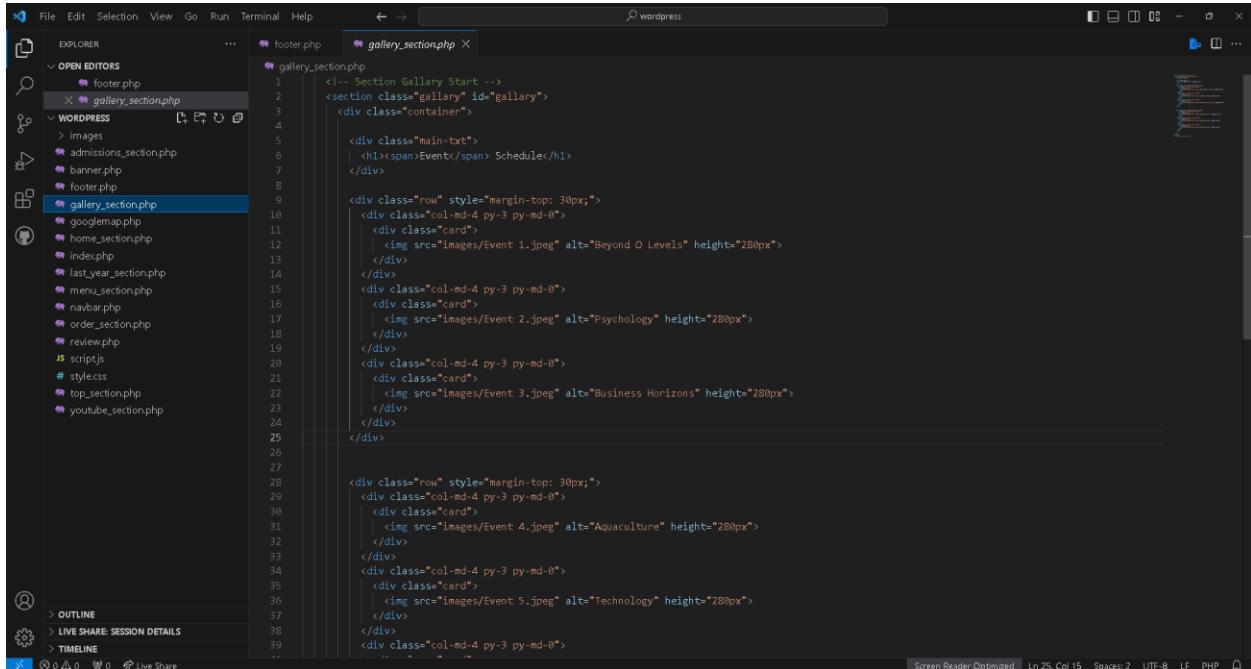

```

<!-- Footer Start -->
<footer id="footer">
    <div class="f-content">
        <div class="f-logo"></div>
        <p>1 university , 2 countries , 4 distinct locations</p>
        <p>Creating a brighter future for life in the Tropics and beyond, through education and research that makes a difference locally, and globally.</p>
        <br>
        <p>James Cook University Australia offers pathway, undergraduate and postgraduate programs at the Singapore campus of James Cook University.</p>
        <br>
        <p>James Cook University</p>

```

Gallery_section.php

The "Gallery" section (gallery_section.php) showcases the diverse events at James Cook University through a visually appealing layout. The section starts with a bold heading emphasizing the importance of the displayed events. A container holds multiple rows, each featuring event cards with captivating images. The images correspond to various events, such as "Beyond O Levels," "Psychology," "Business Horizons," "Aquaculture," "Technology," and "Difference." Each card provides a glimpse into the respective event, creating an engaging and informative presentation. This section aims to attract visitors and participants by visually highlighting the university's diverse and dynamic event schedule.

```
<!-- Section Gallery Start -->
<section class="gallery" id="gallery">
<div class="container">
    <div class="main-txt">
        <h1><span>Event</span> Schedule</h1>
    </div>
    <div class="row" style="margin-top: 30px;">
        <div class="col-md-4 py-3 py-md-0">
            <div class="card">
                
            </div>
        </div>
        <div class="col-md-4 py-3 py-md-0">
            <div class="card">
                
            </div>
        </div>
        <div class="col-md-4 py-3 py-md-0">
            <div class="card">
                
            </div>
        </div>
    </div>
    <div class="row" style="margin-top: 30px;">
        <div class="col-md-4 py-3 py-md-0">
            <div class="card">
                
            </div>
        </div>
        <div class="col-md-4 py-3 py-md-0">
            <div class="card">
                
            </div>
        </div>
    </div>
</div>
```

```

<div class="row" style="margin-top: 30px;">
  <div class="col-md-4 py-3 py-md-0">
    <div class="card">
      | 
    </div>
  </div>
  <div class="col-md-4 py-3 py-md-0">
    <div class="card">
      | 
    </div>
  </div>
  <div class="col-md-4 py-3 py-md-0">
    <div class="card">
      | 
    </div>
  </div>
</div>
<!-- Section Gallery End -->

```

Googlemap.php

The "Google Map" script (googlemap.php) initializes a Google Map centered on James Cook University's location. It includes a marker indicating the specified coordinates and embeds a Google Maps link as an iframe. The link directs to a detailed map of the university's surroundings. This script enhances the website's interactivity by providing users with a visual representation of the campus location and an interactive map for navigation.

```

<script>
  function myMap() {
    var mapProp = {
      center: new google.maps.LatLng(1.3158725000000093, 103.87580729999998),
      zoom: 15,
    };
    var map = new google.maps.Map(document.getElementById("googleMap"), mapProp);

    // Add a marker for your location
    var marker = new google.maps.Marker({
      position: new google.maps.LatLng(1.3158725000000093, 103.87580729999998),
      map: map,
      title: "Your Location",
    });

    // Embed Google Maps link as an iframe
    var mapLink = document.createElement("iframe");
    mapLink.src = "https://www.google.com/maps/embed?pb=1m1B1m12l1m3l1d3988.76614918660971d103.87580729999998l3d1.3158725000000093l2m3l1f0l2";
    mapLink.width = "100%";
    mapLink.height = "400";
    mapLink.style.border = "0";
    mapLink.allowfullscreen = true;
    mapLink.loading = "lazy";
    mapLink.referrerPolicy = "no-referrer-when-downgrade";
    document.getElementById("googleMap").appendChild(mapLink);
  }
</script>
<script>
  | src="https://maps.googleapis.com/maps/api/js?key=AIzaSyDEujDFPohwkJgC2NNX-mP4ZrHnnTdyI&callback=myMap"></script>

```

Home_section.php

The "Home Section" (home_section.php) invites visitors to kickstart their learning journey with JCU. It features a compelling message, a captivating image of a woman using a laptop, and a prominent "Register" button, encouraging users to explore JCU's innovative and explorative educational experience.

```
<!-- Home Section Start -->
<section class="home" id="home">
  <div class="home-content">
    <h3>Begin Your <span>Learning Journey</span> with <span>JCU!</span></h3>
    <p>Join the experience of innovation, exploration, and knowledge.</p>
  </div>
  <a href="#" #order" id="home-btn">Register</a>
</div>
<div class="img">
  
</div>
</section>
<!-- Home Section End -->
```

Index.php

The "index.php" file serves as the main page for the James Cook University Open House website. It includes various sections such as the navbar, banner, home section, order section, top section, gallery section, admissions section, menu section, YouTube video section, review section, last year open house section, Google Map section, and footer. The webpage is styled using CSS and utilizes Bootstrap, Font Awesome, and Google Fonts for enhanced design. Additionally, it incorporates JavaScript for dynamic functionality. The document structure is modularized, allowing for easy maintenance and updates.

Last_year_section.php

The "last_year_section.php" file includes the HTML code for the Last Year Open House section of the James Cook University Open House website. It displays a title and a grid of images from the previous year's open house, providing a visual recap of the event. The image filenames are dynamically loaded from an array for easy maintenance and updating.

```
<!-- Last Year Open House Start -->
<section class="lastyear" id="lastyear">
<div class="container">
<div class="row" style="margin-top: 30px;">
<div class="col-md-4 py-3 py-md-0">

Menu_section.php

The "menu_section.php" file contains the HTML code for the Our Menu section of the James Cook University Open House website. It showcases various aspects of the open house, including gaining previews into each program, exploring career prospects, discovering University accreditations, learning about academics and resources, hearing from students, and engaging with academics through live Q&A sessions. The content is dynamically generated from an array for easy maintenance.

```
<!-- Our Menu Start -->
<div class="menu">
    <span>Throughout the Open House,</span><br>You might:</h3>
    <div class="row">
        <div class="col-md-4 py-3 py-md-0">
            <div class="card">
                
                <div class="card-body">
                    <p>Gain comprehensive previews into each program.</p>
                </div>
            </div>
        </div>
        <div class="col-md-4 py-3 py-md-0">

Navbar.php

The "navbar.php" file defines the navigation bar structure for the James Cook University Open House website. It features a responsive navbar with a JCU logo on the left, a collapsible hamburger menu button for smaller screens, and a navigation menu with links to various sections of the website. The menu includes Home, Our Qualifications, Event Schedule, University Tour, Reviews, 2023 Recap, and Location. The navigation is designed for easy access to key sections, enhancing the user experience and providing seamless navigation throughout the site. The use of the Bootstrap framework ensures a mobile-friendly and visually appealing layout.

A screenshot of a code editor window titled "navbar.php". The editor shows PHP code for a navigation bar. The code includes a logo image, a collapse button, and a list of navigation items such as Home, Our Qualifications, Event Schedule, University Tour, Reviews, 2023 Recap, and Location. The code uses Bootstrap classes like "navbar-expand-sm" and "collapse navbar-collapse".

```
<!-- navbar.php -->
<nav class="navbar navbar-expand-sm" id="navbar">
  <a href="index.html" class="navbar-brand" id="logo"></a>
  <button class="navbar-toggler" type="button" data-bs-toggle="collapse" data-bs-target="#mynavbar">
    <span><i class="fa-solid fa-bars"></i></span>
  </button>
  <div class="collapse navbar-collapse" id="mynavbar">
    <ul class="navbar-nav me-auto">
      <li class="nav-item">
        <a href="#" class="nav-link" href="#">Home
      </li>
      <li class="nav-item">
        <a href="#" class="nav-link" href="#">Our Qualifications
      </li>
      <li class="nav-item">
        <a href="#" class="nav-link" href="#">Event Schedule
      </li>
      <li class="nav-item">
        <a href="#" class="nav-link" href="#">University Tour
      </li>
      <li class="nav-item">

      </li>
      <li class="nav-item">
        <a href="#" class="nav-link" href="#">2023 Recap
      </li>
      <li class="nav-item">
        <a href="#" class="nav-link" href="#">Location
      </li>
    </ul>
  </div>
</nav>
```

Order_section.php

The "order_section.php" file represents the registration section of the James Cook University Open House website. This section encourages visitors to register for the event by providing essential details. The form captures information such as the attendee's name, email, phone number, nationality, highest qualification, preferred study mode (full-time or part-time), and the specific course of interest. The registration form is divided into two columns for a well-organized layout. Additionally, a prominent "Register" button at the end of the section prompts users to complete the registration process. Overall, the "order_section.php" serves as a user-friendly and comprehensive platform for potential attendees to register and participate in the Open House event.

Review.php

The "review.php" file is the Review section of the James Cook University Open House website. It features testimonials from alumni, providing insights into their experiences at the university. The section is visually appealing, with a combination of text and images. Each review includes a photo of the alumnus, a personalized testimonial expressing their positive experiences, and their name. This section effectively highlights the transformative and enriching academic journeys of the alumni, emphasizing the university's commitment to excellence, diverse campus culture, and global perspective in education. Overall, "review.php" serves as a powerful tool to showcase the university's positive impact on its alumni, fostering a sense of community and pride among potential students and visitors.

<h2>What Our Alumni

```

Style.css

The "style.css" file is the stylesheet for the James Cook University Open House website. It defines the styling rules for various sections, ensuring a cohesive and visually appealing design. The file includes specifications for the navbar, banner, home section, top section, menu section, order section, gallery, admission section, YouTube video section, review section, last year section, Google Maps, and footer. It employs a clean and modern design approach with a focus on responsive layouts. Key features include smooth scrolling, scrollbar customization, a fade-in effect for banners, and engaging hover transitions. The color scheme integrates shades of blue, emphasizing the university's branding. Overall, "style.css" plays a crucial role in presenting a well-designed and user-friendly interface for the Open House website.

The screenshots show a code editor interface with two tabs open: `footer.php` and `style.css`. The `style.css` tab displays the following CSS code:

```
# style.css > # navbar
1  *{
2      margin: 0;
3      padding: 0;
4      text-decoration: none;
5      list-style: none;
6      scroll-behavior: smooth;
7      font-family: 'Josefin Sans', sans-serif;
8  }
9  html::-webkit-scrollbar-track{
10     background: transparent;
11 }
12 html::-webkit-scrollbar-thumb{
13     background: #285CB4;
14     border-radius: 10px;
15 }
16 html::-webkit-scrollbar{
17     width: 10px;
18 }
19
20 /* Navbar Start */
21 #navbar{
22     background: transparent;
23     padding: 0px 7% 0px;
24 }
25 #logo img{
26     width: 190px;
27     margin-top: 1px;
28 }
29
30 .nav-item .nav-link{
31     color: black;
32     font-size: 20px;
33     transition: 0.5s;
34 }
35 .nav-item .nav-link:hover{
36     color: #285CB4;
37 }
38 /* Navbar End */

Screen Reader Optimized | Ln 24, Col 2 | Spaces: 4 | UTE-8 | LF | CSS | □
```

The second screenshot shows the same editor with the `style.css` tab containing the following CSS code:

```
# style.css > .nav-item.nav-link
38 /* Navbar End */
39
40 /* Banner Start */
41 * {box-sizing: border-box;}
42 body {font-family: Verdana, sans-serif;}
43 .mySlides {display: none;}
44 img {vertical-align: middle; border-radius: 10px;}
45
46 /* Slideshow container */
47 .slideshow-container {
48     max-width: 1400px;
49     position: relative;
50     margin: auto;
51 }
52
53 /* The dots/bullets/indicators */
54 .dot {
55     height: 15px;
56     width: 15px;
57     margin: 0 2px;
58     background-color: #bbb;
59     border-radius: 50%;
60     display: inline-block;
61     transition: background-color 0.6s ease;
62 }
63
64 .active {
65     background-color: #717171;
66 }
67
68 /* Fading animation */
69 .fade {
70     animation-name: fade;
71     animation-duration: 3.5s;
72 }
73 @keyframes fade {
74     from {opacity: .8}
75     to {opacity: 1}
76 }
```

Screen Reader Optimized | Ln 37, Col 21 | Spaces: 4 | UTE-8 | LF | CSS | □

The screenshot shows a code editor interface with two tabs open: footer.php and style.css. The style.css file is the active tab, displaying CSS code for a website's home section. The code includes a keyframe for fading in, styles for the .home container (width: 100%, height: 100vh, padding: 5px), and its child elements (.img, .content, h3, span). The .img element has a width of 100% and a margin-left of 60px. The .content has a flex of 1 1 400px and a margin-top of 30px. The h3 and span elements have a font-size of 50px and a font-weight of 700.

```
# style.css > ...
72 }
73 @keyframes fade {
74   from { opacity: .8 }
75   to { opacity: 1 }
76 }
77
78 /* Banner End */
79
80 /* Home Section Start */
81 .home{
82   width: 100%;
83   height: 100vh;
84   padding: 5px 11% 80px;
85   display: flex;
86   align-items: center;
87   justify-content: center;
88   flex-wrap: wrap;
89   position: relative;
90   z-index: 0;
91 }
92 .home .img{
93   flex: 1 1 300px;
94 }
95 .home .img img{
96   width: 100%;
97   margin-left: 60px;
98   border-radius: 25px;
99 }
100 .home-content{
101   flex: 1 1 400px;
102   margin-top: 30px;
103 }
104 .home-content h3{
105   font-size: 50px;
106   font-weight: 700;
107 }
108 .home-content h3 span{
109   color: #285CB4;
110 }
111 ...
112 ...
113 ...
114 ...
115 ...
116 ...
117 ...
118 ...
119 ...
120 ...
121 ...
122 ...
123 ...
124 /* Home Section End */
125
126 /* Top Section Start */
127 .top-section{
128   padding: 10px 8% 10px;
129   margin-top: 1em;
130 }
131 .card-body h1{
132   color: #083731;
133 }
134 .top-section #card1 img{
135   width:45%;
136 }
137 .top-section #card3 img{
138   width:45%;
139 }
140 .top-section h5{
141   color: #E5B43F;
142   text-align: center;
143 }
144 .top-section h3{
145   color: black;
146 }
```

The screenshot shows a code editor interface with two tabs open: footer.php and style.css. The style.css file is the active tab, displaying CSS code for a website's top section. It includes styles for the .top-section (padding: 10px 8% 10px, margin-top: 1em), .card-body h1 (color: #083731), and three image containers (#card1, #card3) with widths of 45%. It also includes styles for h5 and h3 elements with specific colors and text-align properties.

```
# style.css > ...
106 .home .img img{
107   font-weight: 700;
108 }
109 .home-content h3 span{
110   color: #285CB4;
111 }
112 .home-btn{
113   padding: 10px;
114   text-decoration: none;
115   background: #285CB4;
116   color: white;
117   border-radius: 5px;
118   font-size: 26px;
119 }
120 @media screen and (max-width:873px){
121   .home .img img{
122     margin-left: 0px;
123   }
124 }
125 /* Home Section End */
126
127 /* Top Section Start */
128 .top-section{
129   padding: 10px 8% 10px;
130   margin-top: 1em;
131 }
132 .card-body h1{
133   color: #083731;
134 }
135 .top-section #card1 img{
136   width:45%;
137 }
138 .top-section #card3 img{
139   width:45%;
140 }
141 .top-section h5{
142   color: #E5B43F;
143   text-align: center;
144 }
145 .top-section h3{
146   color: black;
147 }
```

top_section.php

The "top_section.php" file represents the top section of the James Cook University Open House website. This section highlights the academic achievements and rankings of the university, showcasing its commitment to providing a world-class education. The content includes information on sustainability education, global rankings, and specific accolades in fields like Marine and Freshwater Biology and Biodiversity Conservation. The use of cards with relevant images and impactful statistics creates an engaging visual presentation. Overall,

"top_section.php" effectively communicates the university's educational excellence, making it an integral part of the Open House website.

youtube_section.php

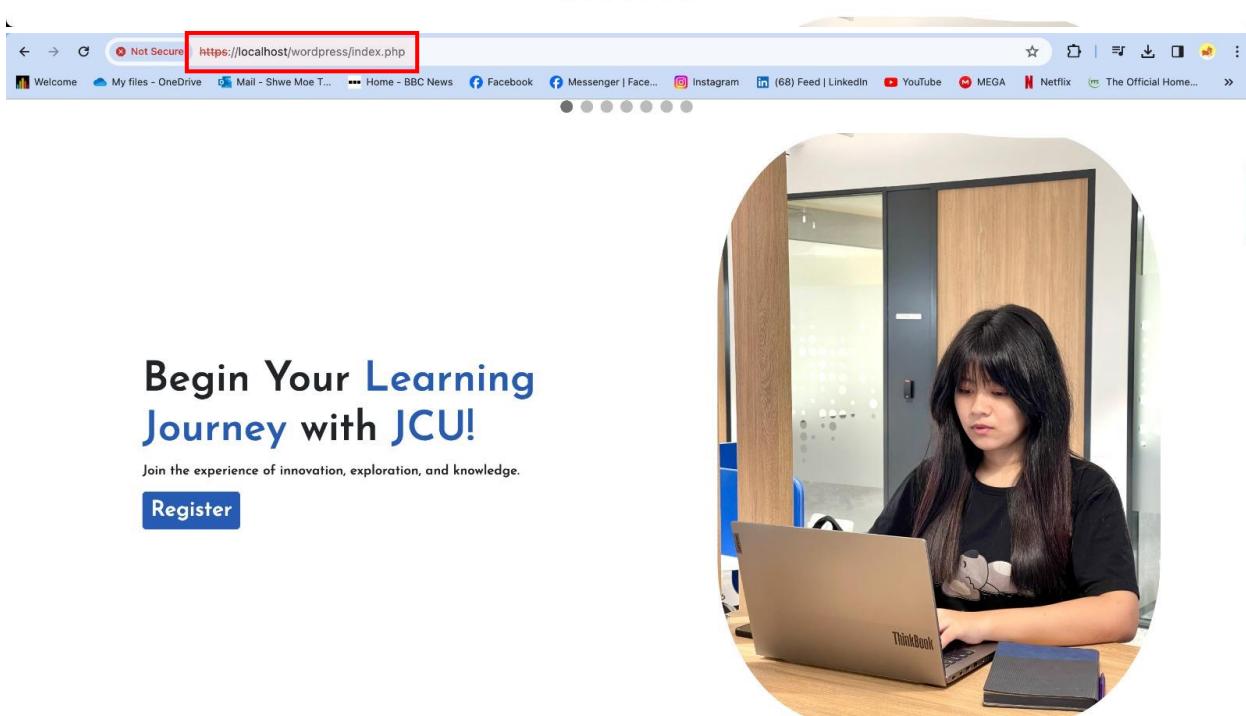

The "youtube_section.php" file is responsible for rendering the YouTube Video section on the James Cook University Open House website. This section provides users with a virtual "University Tour" experience. The content includes a heading, "University Tour," accompanied by a relevant tour icon. The main feature is an embedded YouTube video with specific attributes such as autoplay and mute options. The video, represented by an iframe element, is set to play automatically when the page loads, enhancing the user experience. Overall, "youtube_section.php" serves as a dynamic and engaging component of the Open House website, allowing visitors to explore the university through a multimedia format.

The screenshot shows a code editor interface with the following details:

- File Menu:** File, Edit, Selection, View, Go, Run, Terminal, Help.
- Toolbar:** Includes icons for back, forward, search, and file operations.
- Explorer:** Shows a tree view of files under "OPEN EDITORS" and "WORDPRESS".
- Editor Area:** Displays the content of "youtube_section.php".
- Bottom Status Bar:** Shows "Screen Reader Optimized", "Ln 15, Col 30", "Spaces: 2", "UTF-8", "LF", "PHP", and a refresh icon.

```

WHAT THEY SAY

What Our Alumni Say About Us

My time at the university was transformative. The rigorous academic programs, supportive faculty, and diverse campus culture prepared me for the challenges of the professional world. I am grateful for the lifelong friendships and the strong foundation the university provided.

(Shwe Moe Thant)

Choosing this university was one of the best decisions of my life. The cutting-edge curriculum, hands-on learning experiences, and a vibrant student community made my academic journey enriching. The university's commitment to excellence has had a lasting impact on my career.

(Hpone Myat Min)

As an international student, the university offered a welcoming environment. The global perspective integrated into the curriculum and the emphasis on cross-cultural interactions have been invaluable. The university truly prepares students for a globalized world.

In conclusion, the James Cook University Open House website showcases a thoughtfully designed and engaging user experience through its various sections. The "youtube_section.php" adds a dynamic element to the site, presenting users with an immersive "University Tour" via an embedded YouTube video. This interactive feature aligns with modern web design practices, providing prospective students and visitors with an enticing glimpse into the university's campus and facilities. By incorporating multimedia content, the website successfully combines information and visual appeal, contributing to an overall positive and informative online experience for users exploring what James Cook University has to offer.
